

Lisa Lazarus / professional floor covering designer

Lisa Lazarus is a California native and has resided in Pacific Beach for over 30 years. She lives there with her rescue cat, Romeo. Lisa was born into a family of artists. The most influential was her great uncle, Leon Bakst. He designed costumes and sets for the Russian Ballet. She began designing at age seven and was encouraged to continue her talent.

She earned her degree in Fashion Design from FIDM at age 22 in Los Angeles. Having worked in a variety of aspects in design from consulting paint colors, remodeling bathrooms to designing board shorts and handbags, Lisa will be able to understand the needs of your project. She knows that flooring is not just something you walk on but an experience that produces a feeling of beauty, comfort and durability for your home.

As your Showroom Consultant at Metro Flooring, she will use her many talents to make your space functional and create a personal one of a kind design.
